SHO Fixture

LSC-100

For more than 50 years Allmand has been the leader in technology in the portable lighting industry. Our innovations have allowed customers to work safer, longer and more efficiently. In 1996 Allmand revolutionized the lighting industry with the introduction of the SHO Fixture. This unique oval-shaped fixture designed specifically for mobile applications, *provides up to 50% more light output* than competitive units, enhancing the quality of light by eliminating hot spots and shadows.

This innovative fixture design coupled with the newly launched LSC-100 automatic light sequence controller continues to keep Allmand light years ahead.

Discover the first light. The best light. The bright light. Call Allmand today!
